REPUBLIC OF SOUTH AFRICA

QUATTRO SCHEME ALLOCATION FOR A PERIOD OF FIVE (5) YEARS FROM 2018 - 2023.

The Richard's Bay Coal Terminal (RBCT) allocated 4 million tons to emerging and junior Coal producers through the Quattro Scheme. The Scheme is designed to facilitate transformation in the coal mining industry by enabling emerging and Junior Coal producers actively producing export quality coal or will commence production within 12 months of granting a mining right, to have access to the export market through RBCT. For legibility to participate; the applicant has to meet the following minimum requirements:

1. Be an emerging or Junior coal producer with a minimum of 26% BEE ownership
2. Have a valid Mining Right with verifiable credentials in the DMR
3. Actively mining coal or will start mining within a period 12 months of issuing of a mining right
4. Producing export quality coal in terms of either RB1 or RB3 specifications
5. Coal trading, logistics and marketing companies are not permitted in the scheme.

This serves to inform all emerging and Junior coal producers that applications for Quattro allocation are now open for twenty one (21) days with effect from the 21st August 2018. Application forms can be collected and returned as follows:
