

## **Transnet welcomes Labour Court Ruling on Mr Gama**

**[Johannesburg; 22 November 2018]** The board of Transnet SOC Limited welcomes the Labour Court's dismissal today of the application by former CEO Siyabonga Gama.

Mr. Gama's application sought to interdict the board from terminating his employment.

Although the application was moot given that Mr Gama's employment has already been terminated, it confirms the correctness of board's approach in dealing with this matter.

It also reinforces our resolve to ensure good governance and accountability among the leadership of Transnet and those responsible for the management of public funds.
