

14/01/2021

Dear Valued Customer,

Please note that the terminal will be migrating the NAVIS XPS server today (14 January 2021) at 14:00. This will alleviate downtime of the system during load shedding by ESKOM. Internal and external users will not be impacted by the changeover.

The migration of the NAVIS XPS server was planned to take place when there was minimum activities at the terminal. However, due to the latest announcement by ESKOM of stage 2 load shedding this week, the terminal has brought forward the changeover.

The terminal's IT team will be onsite to ensure a smooth and quick migration of the NAVIS XPS server.

Many thanks in advance for your continued support.

Kind regards,
